ICE-T Meet the Buyers 2010

Tuesday 6th July, 2010
Hilton Brighton Metropole, Brighton, UK
Cost: Only £150 for sellers

At this International Telecare Meet the Buyers event, ICE-T will bring together the biggest telecare and telehealth procurers and the very best service and technology providers for partnering, networking and deal-making.

30 international buyers - including Novartis, Philips Healthcare, Kent County Council and FASS in Spain, the world's largest telecare service provider - will meet 100 international sellers.

Our online partnering website will enable you to preview details of participating companies, to make contact before the event, to pre-book one-to-one meetings and maybe even help you seal the deal on the day!

A parallel workshop will feature international speakers who will review telecare/telehealth service provision in their country and outline future market needs.
